

OPET FULLMATCH OIL SELECTION USER GUIDE

Opet Fullmatch helps vehicle owners select the correct motor oil, transmission oil, and other lubrication fluids according to the equipment manufacturer's specifications. It suggests the most suitable Opet product based on the vehicle brand, model, and engine type.

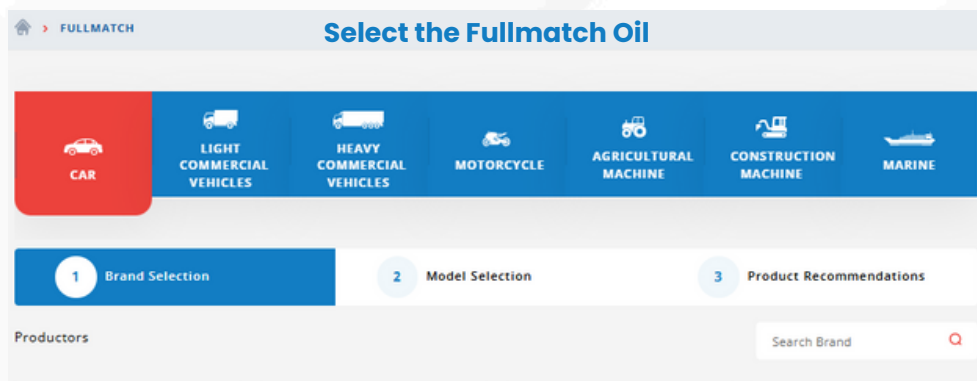

HOW TO USE?

1- Access the Website:

Visit Opet Fuchs's official website and go to the Fullmatch oil selector page. Alternatively, you can access the application via your mobile devices.

2- Enter Vehicle Information:

- **Vehicle Type:** Select from the options for passenger cars, light commercial vehicles, heavy vehicles, or motorcycles.
- **Brand and Model:** Enter the brand and model of your vehicle.
- **Model Year and Engine Type:** Specify your vehicle's production year and engine type.

3- View Recommended Oils and Usage Conditions:

The application will list the motor oil and other lubrication products recommended by Opet. For example:

- Motor Oil: Opet FULLTECH OW-20
- Transmission Oil: Opet ATF DX VI
- Differential Oil: Opet Fullgear FRM PLUS 75W-90

It helps you easily find the correct product.

It helps extend the life of the engine and transmission.

It prevents problems caused by using the wrong oil.

With Opet Fullmatch, you can quickly and correctly select the most suitable oil for your vehicle! 🚗🔧
